General Manager
Truesdell Corporation
3529 E. Wood Street, Suite 2
Phoenix, AZ 85040

Dear Kurt:

Truesdell Corporation has recently completed two concrete repair projects for SRP - Horseshoe Dam Bascule Weights and Stewart Mountain Powerhouse. Russ Mahoney provided daily leadership on both projects as the working foreman.

I would like to thank Russ and his crew for jobs well done. Both projects presented special challenges and Russ handled them professionally. His attention to detail and aesthetics to provide SRP with good quality workmanship is appreciated. We are confident both repair projects will last for many years.

Again, thank you to Russ and his team. It was a pleasure to work with all of them.

Sincerely,
